MAY 25 LOCAL CITIZENS WILL VOTE ON BONDS TO DETERMINE ACQUISITION OF IMPROVEMENTS

State And Federal Funds In Amount Of Approximately Half Cost Available

On May 25 Daly City voters will be given an opportunity to determine whether or not this community shall keep pace with the rapid progressive strides of the entire west coast area. Bond ballots for six major civic improvements will be voted upon that day.

General sentiment of public minded residents indicates that now is the opportune time for Daly City to stride forward to new civic and cultural goals. For two reasons is this sound thinking. First, at this time there is available federal and state funds to the amount of $102,830 to complete the planned projects. Never before has such generous help been extended enterprising communities. In the second place, all six of the suggested improvements are vitally essential to the progress of Daly City.

CITY HALL

In order to facilitate departmental efficiency a new city hall is a matter of necessity. It is proposed to erect a two story, modernistic building to house court room, meeting hall, police, water and other public offices. Cost of this would amount to $53,000, a large portion of which would be covered by supplementary government grants.

LIBRARY NEEDED

Another community need is a larger library. The services of the present library are greatly curtailed by an overcrowded condition. City owned lots on Wellington avenue, east of the Catholic Church, will be graded to establish a new site for the library. The structure will be a one story stucco building of modernistic design to harmonize with the new city hall.

Specifications call for two reading rooms 23x25 feet each, a magazine and periodical alcove and librarian offices. Space will also be provided for displays, filing cases and book stacks. An eight foot basement is planned.

Total cost of the library will be $20,800. A federal grant to the

BOARD HAS SET ELECTION DATE ON AMENDMENTS

Former Assemblyman Makes Futile Demand That Vote Be Held May 28

Over the protest of former Assemblyman Frederick Peterson and other sponsors of the San Mateo County charter amendment move, the Board of Supervisors, Wednesday of this week, set the amendment election for Tuesday, June 22.

This date falls five days short of expiration of the 60 day period in which the board must call the election.

The principal point of the proposed amendment is to change the office of county executive from an appointive to an elective status.

THREE HUNDRED MILLION STATE FUNDS RECEIVED

Federal Moneys Expended For Roads, Public Buildings and Housing

California received a total of $357,832,942.62 from the federal government during the two year period from April 8, 1935 to March 31, 1937, according to a report received by Donald Renshaw, State Director for the National Emergency Council.

This information is based upon the report showing the financial status of funds provided in the Emergency Relief Appropriation Acts of 1935 and 1936 as of March 31, 1937. Expenditures incurred in prosecuting the Works Program totaled $322,941,497.18, leaving unexpended balances of $34,891,445.44.

The report shows further that $33,012,027.54 has been expended for highways, roads, streets, etc.; $29,268,325.27 for public buildings; $28,022.66 for housing projects; $22,594,796.50 for recreational facilities; $65,700,011.62 for conservation work; $17,105,854.97 for electric, water and sewage systems; $11,112,507.21 for transportation facilities; $34,666,145.07 for educational projects; $9,332,948.59 for administrative expenses; $4,143,059.87 for Rural Resettlement and direct relief; $66,410,451.00 in grants to the State for relief and $29,567,346.88 for miscellaneous projects.

'SWING PARADE' TAKES ON TONE OF OPERA NIGHT

High Class Crowd Attends Regularly Each Performance at Alcazar Theater

Last to fall in line in recognition of the merit of the stage productions of the Federal Theater Projects but now among its most ardent adherents are the ultra ultra of the town, old Nob Hill itself, in person or rather, persons. For "Swing Parade," the current musical revue at the Alcazar sponsored by the Federal Theaters, the elite have swung into line. It has been a bloodless revolution with both sides victorious, as paradoxical as that may sound.

Time was, when the Project first opened up in San Francisco, the actor personnel was considered in the light of a group of striving amateurs, though there was not an actor in the entire group of three hundred who had not had more than enough experience on the stage for an average lifetime.

The first of the town to see in Federal Theaters plays something to come again for were, strangely enough, the church people. "First Legion;" a play about Jesuits, removed doubt from the minds of many. The theater was discovered as not being a wicked place at all. Many church people became regular patrons.

Next in line were the followers of the famous old San Francisco Orpheum crowd, the group who used to reserve the same seats by the season for every change of bill. They took hold with Max Dill's first directed vaudeville last year at the Columbia. Since then they have been seen more frequently at Project plays.

In the interim the average theater goer patronage was increasing at all plays. There was a dearth of the so-called limousine trade however. Even the patronage that drives up in

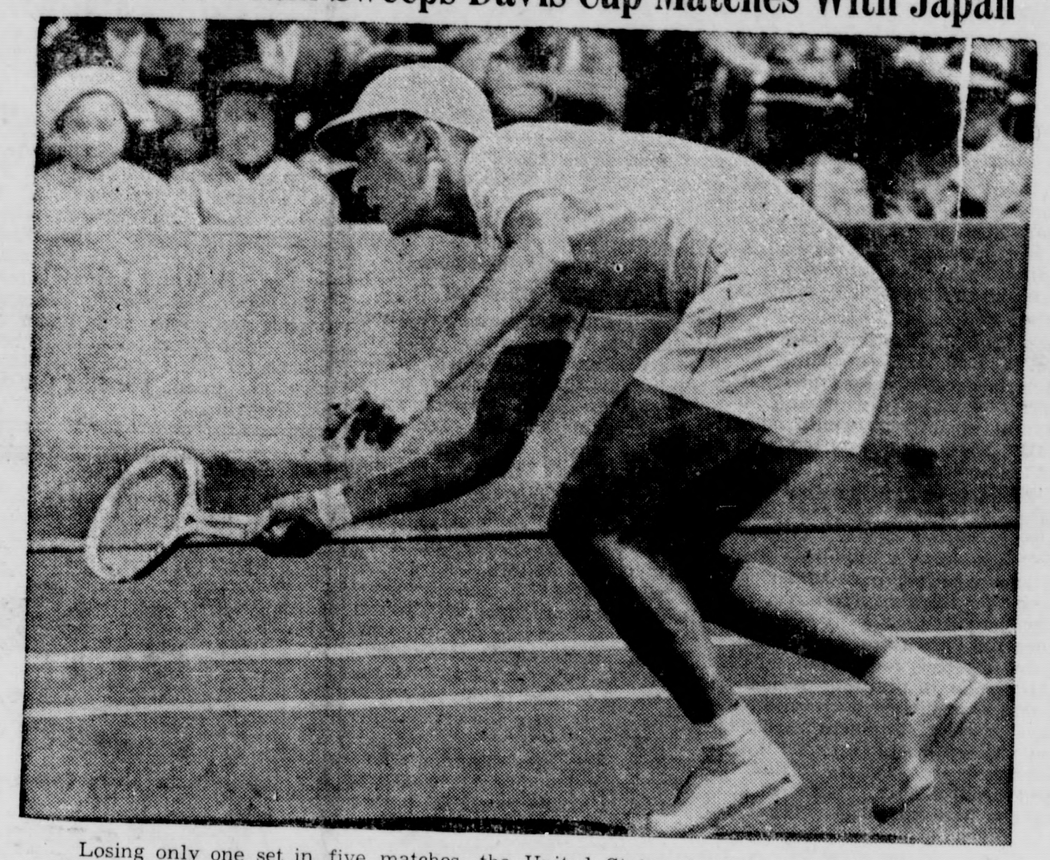
U. S. Net Team Sweeps Davis Cup Matches With Japan



Losing only one set in five matches, the United States tennis team recently scored a smashing triumph in the Davis Cup zone elimination series with Japan. Pictured above is Frankie Parker, executing one of the forehand "cut shots" which brought him a 6-0, 6-3, 6-2 victory over Fumiteru Nakano. Following the Parker-Nakano tilt, Don Budge, great Oakland, Cal., star, cannon-balled his way to triumph over Jiro Yamagishi, captain of the series. A capacity crowd watched the matches, which were played over a three day period on the Olympic Club's "grass-tex" courts at Lakeside, San Francisco.

CITIZENS CLUB IN FOURTH GALA ANNUAL PARTY

Parade, Entertainment And Musical Program, Guest Speakers, Dancing Were Feature Activities

Members of the Italian American Citizens Club of Daly City and Colma held their fourth annual celebration, Sunday, April 25. Roy Barghini, past president of the organization, served as chairman for the celebration.

Gala events marked the progress of festivities from 2 p. m. to midnight. A parade was the first event on the program. It proceeded along Mission street from the San Francisco County line to Colombo Hall in Colma. The police department and the Eagles drill team did much to add color and pep to the parade.

After the group had assembled in Colombo Hall, new members, guests of honor and officers were introduced. At 3:45 a program of musical and dance numbers entertained the citizens and their guests. The following individuals and groups participated in this: Lazzerini sisters, a duet; Elenor Saliou, piano presentation; Betty May Studio of Dancing, a review and dance; Mission Auto Company, Aldo Gherardi, Comico Macchiettista; Pietro Tonello, tenor solo; A. W. Barsotti, baritone solo; Miss T. Ferraris, piano solo, and Mrs. Agnese Vannucci, soprano solo.

From 8 p. m. to midnight dancing to a fine orchestra was enjoyed. Slogan of the day was "Gratis, Gratuita, All Are Welcome!"

Honor guests included Mayor Paul G. Selmi, Judge Clay, Mr. and Mrs. Fahye and Assistant District Attorney Dan Sullivan.

SUCCESSFUL

The hunt unsuccessful the officers returned to their automobile. The thief had stolen a sawed off shotgun from their car.

In observance of National Music Week the combined San Mateo and San Jose Federal Symphony Orchestras will present a concert at the Jefferson Union High School Auditorium this evening, Friday, at 8:15 o'clock. The public is invited to attend, free, this excellent orchestral presentation given under auspices of the Works Progress Administration, Federal Music Project, Dr. Nikolai, Sokoloff, director. Parent Teacher groups are urged to attend.

The orchestra, which is one of the best maintained by the federal government, is composed of many outstanding musicians. Their work compares favorably with the concerts of the leading symphony orchestras of the nation. Arthur Gundersen, music supervisor of San Mateo County, will direct this evening. He will be assisted by Edgar Vinal, Daly City conductor and composer.

FEATURES

Two features of unusual interest to both musicians and laymen will be the presentation of "Ad Astra," a symphonic poem, composed and directed by Edgar Vinal, and the playing of two original cello solos by the famous American composer, Frederick P. Search.

Mr. Search, who now lives in San Francisco, where he is supervisor of orchestration and of the concert band music on the Federal Music Project, is one of the most outstanding American composers of today. He is known throughout the country as "an exceptional artist on the cello." It will be an exceptional pleasure to Daly City people to be able to hear his music.

During the intermission Mayor Paul G. Selmi will speak on the cultural aspects of music in regard to the community. The Daly City Council is sponsoring this symphony concert.

The program, which follows, will be enjoyed by the entire community: "Unfinished Symphony," Allegro

DERBY WEEK TO SEE CHAMPION CROWNED ANEW

Crack Band Of Three Year Olds Reading For Stakes Running Tomorrow

Derby week is here and the three year old champion of the West will be crowned at Bay Meadows tomorrow, Saturday, following the running of the $5,000 California Derby, while at the same time the Kentucky Derby at Churchill Downs will produce its annual star of the turf.

A crack band of youngsters is being pointed for the western derby and the race promises to be one of the best of the season. F. A. Carreaud has a formidable pair of contenders in Parmenarch, the German bred colt of which great things are expected, and Bakerstown, a high priced animal which has been training exceptionally well for this race.

Norman W. Church has four eligibles for the derby. They are Patty Cake, Sir Oracle, Fair Lead and Danke Schon, all of which have proved their class.

Regarded as one of the best fillies produced on the west coast in recent years is William LeBaron's Brown Jade, which will receive much support in the big race.

Others regarded as strong contenders for the derby at Bay Meadows are Earl Beezley's Rockwood and Rebuttal, Rosedale Stable's Exclaim, Jobella Stable's Papenie, I. D. Parker's Wrackfield, Double H. Ranch's Farquhar, Milo Shields' Half Time and Oakland Stable's Wise Alibi.

TEACHERS ARE HELPED BY NEW SECURITY BILL

Probationary Period Is Extended Another Two Years By Law

Large groups of school teachers throughout California, especially in interior and rural communities, were assured security in their positions for the coming two years with the announcement of the signing by Governor Merriam of the Sawallisch bill, extending the probationary period of teachers in unified school districts for two years.

Under the "unification" law, effective in 1936, and providing for the consolidation of school districts, teachers reemployed this spring for the coming school year would automatically have been granted permanent tenure.

By the terms of the Sawallish bill, which amends the present law, teachers in unified districts may be compelled to serve a full three year probationary period, or an additional two years for teachers who have served for the past year.

Under the Sawallisch amendment, however, trustees retain the right, at their option, of granting permanent status, or tenure, to such teachers as have in their judgment merited it, and who have served a one, two or three year probationary period.

The Sawallisch bill, passed as an emergency measure, will prevent a

Eight Queen Entries Are Introduced

Eight of the lovely entries for the Daly City Golden Gate fiesta queenship were introduced, Saturday evening of last week, to the bank night crowd at the Daly City Theater.

Immediately following the bank night announcements, the chairman of the Daly City celebration outlined in brief the gala program for local participation in the Golden Gate Bridge Fiesta celebration.

As a fitting climax to the pep talk, queen entries were presented with bouquets of sweet peas. They were Miss Lena Bertino, 6512 Mission street; Miss Audrey Canning, 426 N. Park avenue; Miss Kathleen Core, 43 Wilson street; Miss Eleanor Hutchings, 138 Vista avenue; Miss Mary McLean, 33 Vista avenue; Miss Virginia Orr, 62 Theta street; Miss Eleanor Price, 211 F. street, Colma; and Miss Agnes Willer, 9 Brumiss terrace.

"Fun for all" is the slogan of the queen contest and all activities of the local celebration. Each girl will have a good time during the fiesta week. And one lucky young lady—the winner, will be given a free trip to Southern California including a studio tour of Hollywood.

Daly City residents and merchants are invited to get into the swing of the fiesta celebration and to support the queens.

Visit Silver Jubilee Celebration

A group of local Catholic Daughters left for Sacramento, early Sunday morning of this week, via a special train to attend the silver jubilee celebration of Court Sacramento.

Archbishop J. Mitty conducted the mass in the cathedral. He was assisted by ten priests. State Chaplain Monsignor John Cullen was present.

The mass was followed by a banquet in the Hotel Senator.

Among those who attended from Daly City were Grand Regent Katherine McDermott, Past Grand Regent Margaret Fields, Christine Michelson, Angela Johnson and Misses Baumstieger, Albina Restani, Antonette Zarcone and Gladys Bizzo.

Mrs. Roosevelt May Attend The Fiesta

Mrs. Franklin D. Roosevelt, first lady of the land, hopes to be in San Francisco for the Golden Gate Bridge Fiesta from May 27 to June 2.

She expressed this desire after being taken recently on a personal inspection of the bridge.

Construction work prevented Mrs. Roosevelt and the others from crossing over the entire span. However, Mrs. Roosevelt, alighting from the machine, stood in the center of the bridge and, looking towards the Golden Gate, exclaimed: "It's one of the greatest sights I have ever seen."

She said she hoped to arrange her affairs so that she might attend the fiesta which will celebrate the opening of the bridge.

Make Daly City up to date. Work for the civic improvements.

State And Federal Funds In Amount Of Approximately Half Cost Available

amount of 45 per cent is available to defray more than $9000 of the total cost. Thus, Daly City would need to pay but $12,000 for an attractive and efficient library, a small sum in comparison to cultural return.

WATER SYSTEM

Extension of the municipal water system into the newly annexed Colma district would benefit residents of this territory, and it would soon pay for itself through water sales, according to engineers. This project, a profit returning investment, would cost $43,700.

FIRE ALARM SYSTEM

Two of the six projects will add materially to the power of community child welfare. A $15,000 quarter block playground developed at a central location in the Crocker Tract would decrease possible traffic casualties among the many children of this neighborhood, who are now forced to play in the streets, as well as giving them the opportunity for supervised play.

Swing, slides, sand boxes, and other playground equipment would be installed to make the small park a favorite resort for children. Grass, shrubbery and trees would give it a beautiful landscape setting. It will serve more than 1000 children.

Vista Grande Park development has long been the dream of progressive community leaders. This work will cost $82,330. The park, when completed, will service both young and old of the community in a very satisfactory manner, whereas now the gift lies dormant.

A baseball diamond and football field are to be laid out on the lower westerly level of the park, and bleachers will be constructed on the north embankment. Three tennis courts, which may be illuminated for night play, are provided on the second level at the middle portion of the park. Dressing quarters would be accessible at the field house. On the eastern apex there will be developed a well equipped playground. The entire park will be beautified with landscaped turf, shrubbery and trees.

Cost is no longer the main consideration. Child welfare is demanding safe places for children to play. The advanced cultural life of the community demands a modern, efficient library. Civic safety calls for the extension of water and fire alarm systems. Better government and city pride demand a representative city hall. Civic leaders hope all citizens will express themselves on this vital issue with a thought to present and future potentialities and civic duties.

Entertain Friends For Bride To Be

Mrs. Hazel Lagomassino, Mrs. Helen Valentino and Miss Alice Lorenz were hostesses to a large group of friends and relatives, Friday evening of last week, at the latter's home on Mission street, honoring Miss Esther Durbin, who is to become the bride of their brother, Herman Lorenz, on Sunday, June 6.

The table was prettily decorated in pink and silver crepe paper and favors, pink sweet peas, silver bells. The center piece was a miniature bride and groom, standing within a wedding ring.

American Legion Changes Dance Date

Because the Daly City Golden Gate Bridge Fiesta celebration is to be held from May 27 to June 2, the American Legion, Daly City Post No. 410, dollar dance will be held one week earlier than previously announced.

The new date will be Saturday, May 22. The dance committee reports that tickets are selling rapidly. There is a limited number of admissions to be sold. Anyone who wishes reservations is invited to call Comrade Jakobsen, RAndolph 6895.

ENDORSES BONDS

At the Legion meeting last week Mayor Paul Selmi explained in detail the Daly City civic improvement projects for which bonds are to be voted on May 25. The post went on record as being 100 per cent in favor of these improvements.

Friday evening of last week a special meeting was held at the home of R. L. Crane to discuss plans to hold monthly Legion whist parties. Whist Chairman F. Chapman called the meeting. Representatives from the local fiesta celebration outlined to Legion members the program for the coming celebration.

A group of comrades met, Sunday morning of this week, at the Legion Hall upon the request of Membership Chairman Jakobsen. The drive for new candidates was quite successful. However, membership must be increased still more before July 10 if the post is to receive the 1937 quota pins.

COMMUNICATION

When California was admitted as a state into the Union, September 9, 1850, the news was not received in San Francisco until October 18 following. No railroads, no automobiles, nor airships; no telegraph, no telephone, no radio.

Completion of Golden Gate Bridge is another milestone in the progress of communication, a new miracle in engineering achievement. Tribute to this march of progress will be given May 27 to June 2, when San Francisco invites the world to come to the Golden Gate Bridge Fiesta.

be submitted to the voters at the bond election to be held on May 25. The department voted a wholehearted endorsement of the projects and has notified the city council thereof.

Another interesting feature of the evening was a report given by Chief Chesney and Assistant Chief Bodien of a firemen's demonstration they attended in Menlo Park, Thursday, April 29. Menlo Park was assisted in the demonstration by departments from Palo Alto, Stanford University, Redwood City and the San Mateo County fire warden. The associated firemen of Alameda County had been invited to the demonstration by the Peninsula Fire Chiefs Club.

A committee of the six captains—Peterson of No. 1, Goldkuhl of No. 2, Kennedy of No. 3, Coleman of No. 4, Cosbie of No. 5 and Beneditto of No. 6—was appointed by the chief to investigate the matter of obtaining a drill tower in Daly City.

POPULAR LOCAL MATRON PLAYS PAGEANT LEAD

Fiesta Season Here In Old California Is Theme Of Production

Mrs. Henry Warshawski, popular Daly City matron, has one of the principal character roles in the mammoth historical pageant to be presented May 27, at Crisy Field, as a part of the Golden Gate Bridge Fiesta Celebration.

Mrs. Warshawski is cast as Senora Francisco, wife of the don in part three of the pageant, "The Golden Age." In this portion of the historical panorama the scene is set on a typical California hacienda. A fiesta is in progress, replete with feasting, drinking, horsemanship, dancing, and singing. Toward the close of this happy occasion a group of American pathfinders appear and there is a hint of the tragedy of the submersion of the Californians by the American tide. But these Americans are welcomed by the Don of the rancho and the festivities arise again to a great height, as a climax to the episode.

SOME VISITORS

In 1847 the population of San Francisco was estimated at 450. A million and a half visitors are expected in San Francisco during the Golden Gate Bridge Fiesta week, May 27 to June 2, celebrating completion of the Golden Gate Bridge.

GREATER PROTECTION PROMISED INVESTORS

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Promoting the welfare of the country rather than the advancement of a few is the avowed object of much of the activity of the Securities and Exchange Commission. Not long ago William O. Douglas, a member of the S. E. C., stated the board was planning to ask Congress for an extension of its powers. In part he said:

"Only a pragmatic approach to government will supply the efficient and effective control necessary to harness the financial power for the broad benefit of industry and to prevent it from being exploited for the selfish advantage of finance.

"Specifically three developments are in order—greater controls over protective committees, administrative assistance in reorganization proceedings, and conditioning of the contents of indentures so that trustees can assume a more active role."

* * *

President Roosevelt has taught the American people more than one thing and, as liberals are pointing out, his education of the "average" man has been especially noteworthy in the area of the judicial power. The broad assertion that the "chief" has accustomed us to regard federal action as a necessary part of the national economy is undoubtedly true.

We have found out that the judges of the Supreme Court are human and are liable to err in judgment at times. Only recently have we become wholly aware of the feet of clay of the nine occupants of the bench at Washington.

The myth of judicial divinity has lasted a long time, but has been dropped by the people never to return. The next logical step is to get new blood into the Supreme Court and make the tribunal responsive to modern tendencies.

* * *

Federal government departments are working on a plan for the enumeration of the employed in the country by industries and trades, and also an enumeration of the unemployed showing in which industries they were employed last and the date of the last employment.

The Department of Commerce and the Department of Labor are co-operating in the important move. The suggested enumerations are expected to show population shifts in the "back to the land" movement early in the depression and more recently migrations from the "Dust Bowl."

Other social trends about which the government is desirous of information are the influence of technological advances upon unemployment, the retirement from some industries of men past forty years of age, and the moving of men from one trade to another caused by the contraction of certain industries.

* * *

Adjustment of the economic situation through the raising of wages and the reducing of prices is advocated by federal government officials making a thorough study of conditions. Dr. Mordecai Ezekial, economist of the Department of Agriculture, recently said:

"Business men should put into operation the program recommended to them by the Brookings Institution. The method is very simple. Use the reduced costs of production arising from technological improvements and full capacity operation to lower the selling price of the product, and to raise wages; only in small measure to increase profits.

"In that way the buying power of workers can be kept rising, more workers will be employed, and production and consumption will go up together."

Another student pointed out that labor should recognize in the threat of price raises that the painfully won gain of collective bargaining will be cruelly destroyed.

Gradual Increase In Non-Resident Cars

More than 31,000 non-resident cars entered California in the first two months of 1936, an increase of 4850, or 18 and 2-10 per cent over the first two months of 1936.

"There is one thing about a hitch-hiker that's laudable—he always knows which way he wants to go."

MAKE OUR SCHOOLS SALE

The fake accident racketeer is one of the worst parasites with which society has to contend. He preys on the public purse by defrauding one of our greatest industries—the casualty insurance companies. Higher rates to the insurance buyer are the necessary and direct result of his activities. Consequently it is with genuine gratification that one reads of another of these parasites being overtaken by the law.

New York recently convicted the leader of a ring of lawyers, doctors and "stooges" who in eight years defrauded insurance companies of hundreds of thousands of dollars in fake accident claims. It took more than four months for this particular leader to confess to the district attorney the multitudinous ramifications of his nefarious activities. Before he was through he had involved four physicians, seventeen lawyers and four notaries. It was revealed that he had built up his "business" from fifty fake claim cases in 1929 to a peak production of 500 in 1935 and 1936.

He had an amazingly efficient organization. He himself scouted around spying out defective steps in front of buildings, broken vault lights in the sidewalks and other conditions affording an opportunity to file fake claims. As the district attorney said, "He believed in quantity production and quick settlement."

It is easy to visualize the insidious undermining effect which the fake claim racketeer has on the entire insurance industry, and on the insured public. It is imperative that these evil "enterprises" be ferreted out and destroyed. Long strides have been taken in this direction through co-operation between the insurance companies, represented by the National Bureau of Casualty and Surety Underwriters, and law enforcement bodies. Success is assured if the individual citizen will alsc co-operate to the best of his ability at every opportunity.

WPA Develops New Navigation School

Mariners, yachtsmen and aviators can now learn navigation by an easy and practical method through a course developed by the Works Progress Administration Education Program of the State Department of Education. Two classes in which this simple system of preparing a seafarer for duties as a deck officer, a yachtsman to navigate his craft on ocean waters or an aviator to pilot his ship across country are being established by the program.

The classes which are free to the public, will meet each Tuesday, Thursday and Friday evening at 7:30 o'clock, 1421 Sutter street, where enrollment can now be made on these evenings. Ernest Bosch, widely known as a mathematician and instructor of sciences will conduct the class.

Through an artificial horizon, sextant and observations of the stars, planets and moon navigation will actually be practiced in the classroom studies. Calculations will be worked up by the most approved and simple methods which do not require an extensive knowledge of mathematics.

Minimum Height For Marines Reduced

The minimum height standard for enlistment in the United States Marine Corps has been lowered to 64 inches, according to information just received by the postmaster of Daly City.

Previously the minimum height standard was 66 inches, and this change has been made in order to give more young men the opportunity to participate in athletics, travel, education and adventure and to serve their country with the United States Marines.

Application blanks and literature may be obtained by writing to or calling at the Marine Corps Recruiting Station, Room 46, Federal Building, San Francisco.

FIESTA STREET

Market street will surrender its proud position as the parade ground of San Francisco during the Golden Gate Bridge Fiesta, May 27 to June 2. Instead the troops, the floats and the revelers will stage their spectacular procession from the north end of Van Ness avenue along the Marina to the Presidio.

But Market street will be no less gay for that, with its banners and lights and redwood greenery. All through the downtown area will run a spirit of fiesta and merchants will stage fashion shows the like of which have never been seen in the metropolis.

TEACHERS ARE HELPED BY NEW SECURITY BILL

Probationary Period Is Extended Another Two Years By Law

(Continued from page 1)

wholesale shifting around of personnel as all teacher assignments for the coming year must be made by May 15.

"The net result of this law, from the layman's standpoint," said Roy W. Cloud, secretary of the California Teachers Association, "is to give trustees in unified districts a better opportunity to study their teachers and to select only the best for tenure.

"Instead of being compelled to make arbitrary decisions by May 15, which might have resulted in grave injustice where trustees have not had an opportunity as yet to become fully acquainted with the worth of teachers under the unification plan, the probationary period is extended for an additional two years.

"Trustees have the optional right under the law now, however, of granting tenure to all teachers considered worthy who have completed the past year of service.

"This right has already been exercised by the trustees of the Albany high school district, who, satisfied with their teaching personnel under unification, have just reemployed the entire teaching staff of the district, thus guaranteeing the teachers permanency in their positions."

Sons Of The Old West Ride Again

Sons of the old wild West rode again last Sunday morning. Although sleepy residents of Daly City might have preferred the usual silence of Sunday morning, bullets bit the dust, throaty whoops echoed and re-echoed through the surrounding hills of Daly City.

Down into the main section of town swooped—no, not Jesse James and his cut throat band—but, twelve of the beard growing, cowboys, hat wearing members of the Milo Market, and their friends mounted on genuine western mustangs.

Milo's Market has been one of the first local business houses to get into the swing of the fiesta spirit. It appears that they're out to see that Daly City becomes fiesta conscious.

Different—Yet Identical Twins!

Different as day from night, are of Mexican parentage. Umberto and Rodolfo Rios, 6, pictured above at their Santa Catalina Island, Cal., home, are nevertheless identical twins. They Umberto is a true Albino, with snow-white hair and pink eyes, while Rodolfo has the dark hair and complexion of his race.

KENTUCKY DERBY OF GREAT INTEREST HERE

By J. W. MARCHBANK

In only a few hours the Kentucky Derby will be renewed at Churchill Downs. Through the years the three year old race has grown to be of such importance nearly all other events on the American turf are overshadowed by it. The stakes to be decided tomorrow has not always attracted the best gallopers, but that fact does not seem to take away any of its glamour.

Pompoon, which has been favorite for the historic feature through the winter and spring, has a slightly Californian "angle" in being from the Friar Rock mare Onaugh. It is recalled by fans that in the early twenties Friar Rock was standing up at Wikiup Rancho, near Santa Rosa. Disguise, sire of King Heather, and Friar Rock were at Wikiup at the same time.

Fifteen years ago a colt from this state was good enough to score in the ten furlong tussle out on the mile oval. I need not remind you that the colt's name was Morvich. A son of the Castleton bred Runnymede, from Hymir, Morvich was undefeated as a two year old. On retirement from the track the California bred stallion has made quite a reputation as a sire.

Runnymede was a winner abroad in the Keene colors. Dr. Leggo, maternal grandsire of Morvich, was one of the most popular runners ever bred in this state. He was also a product of Napa Stock Farm, where the Kentucky Derby winner was foaled.

Dr. Leggo, in gaining first honors in the California Derby, which was at ten furlongs, toted the substantial burden of 127 pounds. In those far-off days there were penalties and allowances in many three year old stakes. The second and third horses in the Oakland race carried only 117 pounds. In the Kentucky Derby each colt packs 126 pounds.

In thinking over the achievements of good ones of years gone by the conclusion is inevitable that history is likely to repeat before long with California again turning out thoroughbreds capable of holding their own on any course.

Jefferson Victor In P. A. L. Game

Jefferson and South San Francisco High Schools met for the second time in P. A. L. baseball competition, Friday of last week, on the South City diamond. The Indians were again victorious, this time by a score of 10 to 8. Jefferson is leading the league at the present time and with only four of the last year regular players on the team this is a remarkable feat.

The game was a thrilling one throughout, with several long hits featuring the play. Nicolopulos of South City hit a tremendous homer in the first inning, and Owens, local pitcher, connected for a triple in the seventh. Twenty-six hits were made, Jefferson collecting seventeen and the boilermakers garnering nine off the two Indian pitchers, Strassburger and Owens.

Indians Still Retain Lead Of League

Jefferson High increased its lead in the P. A. L. baseball standings by a 1 to 0 win over Half Moon Bay, Tuesday of this week, on the Half Mooner diamond. We now lead Sequoia and the rest by one and a half games.

The contest was nip and tuck until the sixth inning, when Denning led off with a single, Haran also singled and Owens won his own game with a long hit, scoring Denning for the only run of the day.

Jack Haran and Tony Campagno each got two hits, and Fred Plate poled out a double for the longest hit of the game.

Ed Owens again pitched a fine game.

Telegraph Worker Mountain Climber

Probably nobody but Arthur M. Marshall, of Vancouver, Wash., has stood on the highest point in each of the 48 states of the Union. Probably nobody but Mr. Marshall ever even thought of doing it. But Mr. Marshall, you see, is a real mountain climber. He can't just look at a peak; he has to climb it. He has made 388 ascents, including eight Colorado peaks each more than 14,000 feet in height. He says the hardest peak he knows of to climb is Granite Peak, in the Beartooth mountains of Montana—because of its inaccessibility.

Hunting out and climbing to the highest point in each of the states led him into some strange places. In Illinois, his goal proved to be a hill behind a farmer's barn; in Delaware it was somebody's back yard; in Ohio it was a corn field. When he's not conquering mountains, Mr. Marshall is a railroad telegraph operator.

Young At 46

Still carrying children to school at Pararata Valley in New Zealand is a hardy little Shetland pony of 46.

That is old for a pony, yet Dot is in fine condition, has a good set of teeth. This pony was bought in 1899, being then guaranteed to be no more than nine years old.

In her time Dot has carried five generations of children to school and has won five or six prizes in the show rings.

Still full of tricks, she insists on "shaking hands" with one of her front legs before allowing anyone to put the bridle on.

They had not seen each other since Edward abdicated the English throne. Edward gave up his throne in order to marry the American woman, the ceremony being tentatively scheduled for the post-coronation days.

'SWING PARADE' TAKES ON TONE OF OPERA NIGHT

(Continued from page 1)

taxis was scarce for a long time. But that was last year. Such is not the case for "Swing Parade" and the Alcazar Theater.

The Alcazar plus "Swing Parade" and possibly the popularity of Max Dill as a director of musical comedy has excited the interest of the dwellers of Nob Hill, Pacific Heights, Sea Cliff, Piedmont, Hillsborough, Burlingame and other districts in which the well known Bay District conservative society element dwells. Friday and Saturday nights at the Alcazar are taking on the tone of a night at the opera, what with the white ties and tails of the men and the fur and furbelows of the women, the swank long bodied machines that whizz up to the curb and discharge their cargoes and the general air of a festive occasion that prevails on all sides. And do they seem to enjoy the show, and how! More than one group has been observed attending a second performance.

If the Federal Theater Project was intended to be a people's theater it has evidently arrived at the point of recognition as such which it could not do without the consideration of all the people and all the various groups that go to make up society in general in any American community. San Francisco seems to be showing the rest of the country that it is still alive to its far flung civic homily of being "the city that knows how" for it is conceded as leading all American theater centers in compelling recognition for its government theater.

Make Daly City up to date. Work for the civic improvements.

MOUNTAIN PLAY YEARLY EVENT SUNDAY, MAY 23

Bay District Folks to Portray English Seafarers Of Eighteenth Century

"No hair cuts, until after the Mountain Play," is the edict for the men, who will take part in "Thunder in Paradise," a pageant of Hawaii, to be staged on Tamalpais, on Sunday, May 23.

The players who are cast for native fishermen, warriors, and even those who play the parts of English seafarers of the eighteenth century, will be more effective in their parts without a modern hair cut, according to the director, Reginald Travers.

Authentic period costumes for the piece are being designed by Leslie Crandall. Fred Lono Benrath is acting as technical advisor, in the selection of primitive music and dances.

Twenty male dancers and a number of pretty dark eyed girls are rehearsing the ceremonial dances of the Islands, under the direction of Betty Horst.

Members of the hiking clubs of the bay district, who will take part in the ensemble pageant, are rehearsing under the direction of Dick Musselman, assistant to Travers.

Many of the actors are those who have volunteered for parts each season, for many years. Perhaps holding the record for long time loyalty to the Mountain Play, is Jonathan A. Webb, of Berkeley, who for some twenty years has volunteered as a member of the ensemble. Allan Atkinson, who will lead the tom tom beaters in "Thunder in Paradise," has appeared in the cast for nine consecutive seasons.

Local Couple Wed

Holy Angels Church in Colma was the scene of a pretty wedding ceremony, Saturday evening of last week, which united Miss Mary Bertocchi, daughter of Mr. and Mrs. A. Bertocchi of Vale street, and Louis Gianni of Citrus avenue.

The bride wore a lovely white lace gown with a long train. A long net veil with oval insets of lace was attached to the bridal cap with sprays of orange blossoms. She carried a bouquet of gardenias and lilies of the valley.

Mrs. Lorenzo Benedetti, sister of the bride, was matron of honor. She wore a gown of blue lace and carried a bouquet of sweet peas. The two bridesmaids, Misses Annie Matteucci and Loretta Pinochi, wore pink lace gowns and carried bouquets of sweet peas.

The groom was attended by his brother, Dante Gianni of Oakland, as best man. Adolph Bertocchi and Lorenzo Benedetti were ushers.

Following the ceremony a large reception was held at Colombo Hall with a host of relatives and friends in attendance.

Following a honeymoon trip which will take them through Southern California and Mexico, the young couple will make their home in Daly City.

NOTES ON OUR ELEMENTARY SCHOOLS

In the light of modern educational principles and practices the importance of teaching music appreciation is being realized. Following in line with this modern trend Superintendent Crane has introduced this course as a definite unit of classroom work to correlate with the singing instruction given by the music supervisor, Miss Mosconi.

The primary purpose of the new course is to develop in the children a love and understanding of good music as well as to acquaint them with the masterpieces of the world and establish a sense of evaluating for themselves.

In the primary grades this course will be the development of the interpretation of music into rhythmic activities. In the intermediate and upper grades the children will be given an opportunity to hear the famous music masterpieces. These detailed and stimulated "listening lessons" will terminate in a music memory contest. Miss Mosconi reports that the children have responded very favorably and with unlimited enthusiasm to their introductory lessons.

First and second prizes in the American Legion "Poppy Sale Poster Contest" were won by two talented art students of the Woodrow Wilson Elementary School—Roy De Vencenzi of the high seventh and Donald Bettencourt of the high eighth grade.

Today's issue of The Record carries an advertisement announcing a free talking picture show to be held in the show room of Donahue & Laufenberg, local De Soto and Plymouth motor car dealers, tonight (Friday) at 8 o'clock. This is the same show that has been given at prominent De Soto-Plymouth dealer places of business from coast to coast, and is packed with breath taking thrills, educational features, colored cartoon comedies and other pictures.

An additional attraction at tonight's free show is a radio set which will be given away to some lucky person immediately after the show. Each person attending will receive a ticket entitling them to participate. There will be nothing to buy and no contest is involved. Just attend the free show and receive a ticket.

Both James Donahue and Paul Laufenberg are well known in Daly City. They were appointed authorized De Soto and Plymouth dealers for Daly City by James F. Waters, the Northern California distributors for these cars. Donahue and Laufenberg have one of the most completely equipped show rooms and service shops found in any city of equal size in the state, and have already built an enviable reputation for the number of De Soto and Plymouth sales since their dealership announcement was made.

Mayor Designates May 29-'Poppy Day'

Saturday, May 29, was designated as Poppy Day in Daly City by a proclamation issued this week by Mayor Paul Selmi. In the proclamation Mayor Selmi called upon all citizens to observe the day by wearing memorial poppies in honor of the World War dead. The proclamation stated:

"The city of Daly City responded with highest patriotism to our national call for defenders in 1917 and 1918, sending many of its young men into the fighting forces. Of these men, many sacrificed their lives in the service of the nation, dying with more than 100,000 other Americans to bring victorious peace.

"It is fitting that the service and sacrafice of these gallant young men should be commemorated annually by appropriate public observance. As the poppy, which grew on the battlefields where so many of them fell, has become their memorial flower, there could be no more appropriate observance than a general wearing of the poppy in their honor.

"Therefore, I do hereby proclaim Saturday, May 29, as Poppy Day in the City of Daly City and urge all citizens to show remembrance of the honor for the men of the city and of the nation who gave their lives in World War service by wearing poppies on that day."

"Volunteer workers from the American Legion Auxiliary will distribute poppies throughout the city Saturday, May 29, and receive contributions for the welfare of the living victims of the war, the disabled veterans, the widows and fatherless children.

Signed: "PAUL G. SELMI."
